Judge Powers says he believes in mascots, and is going to try to get one for use in the contest. He thinks a good beginning for him would be to lease the rooms in the Cullen which were used by Senators Brown and Rawlins as their headquarters when each was successful. Powers and his friends are working hard already and can give plausible reasons why the judge should be elected at a very early stage of the contest.

Judge King's managers claim his elec-tion is absolutely certain. They have enough votes pledged to do it, they say, and are apaprently resting very easily.

C. C. Richards and 'Quil Nebeker are neither of them in Salt Lake, but both are strictly in the rare. The former has been seriously ill at his home in Ogden, but his friends will be glad to know that ha is recovering. know that he is recovering.

PRESIDENT AND SPEAKER.

Speculation As to Who Will Fill Those Offices.

That the country members will take both the presidency of the senate and the speakership of the house is consid-ered more than probable. "Hon, Aquila

omplaint sworn to by R. E. Rogers, who alteged he was about to depart to word and will likely have no opposition."

Notwithsjanding that statement, Hons. O. F. Whitney and A. O. Smoot bith have supporters, and either have the qualifications necessary to fill the position with distinction.

R. B. Shepard and B. T. Lloyd. of Sait Lake county, are mentioned as eligible for the speakership of the house. C. M. Jackson also wants thin ear. I which makes too many candidates for either of them, especially when the formation of the Midal's club becomes an accomplished fact. Chairman Moyle of the Democratic mind these days. The great success that attended his efforts in the chairmanship has contributed largely to this condition of fellcity, as has also his ability to pay all campaign indebtedness at the campaign's close. Mr. Moyle's only present grievance is that he cannot induce an auditing committee to go through the accounts he has kept.
